## PROFESSIONAL SUMMARY

---

Resourceful Web Developer with hands-on experience in building scalable, responsive applications using React.js, JavaScript, and modern front-end frameworks. Known for approaching challenges with a problem-solving mindset—whether it's improving performance, enhancing accessibility, or streamlining workflows. Skilled at collaborating in agile teams, translating requirements into reliable solutions, and delivering user-focused applications that strengthen business impact.

## PROFESSIONAL EXPERIENCE

---

### Etofa Technologies

Web Developer

2024 – Present

Hyderabad, India

- Delivered high-quality web applications by designing and deploying responsive interfaces with React.js, Tailwind CSS, and modern JavaScript—ensuring pixel-perfect design translation across devices.
- Built scalable solutions on CMS platforms (WordPress and others), customizing themes and plugins to meet client-specific requirements and accelerating project turnaround.
- Optimized website performance and reliability, applying code-splitting, lazy loading, caching, and troubleshooting techniques that improved site load times and reduced reported defects by over 20%.
- Strengthened user experience and accessibility by enforcing WCAG-compliant standards, semantic HTML, ARIA roles, and cross-browser compatibility fixes.
- Enhanced collaboration and delivery speed, partnering with designers and backend teams in Agile sprints while documenting reusable components, PR guidelines, and usage notes to streamline development for future projects.
- Recognized by management as a committed and efficient problem-solver, contributing creativity and attention to detail that directly elevated the quality and functionality of client-facing projects.

## EDUCATION

---

Jawaharlal Nehru Technological University (JNTU) B.Tech, Computer Science & Engineering - Hyderabad, India  
2021 – 2025

- Relevant coursework: Data Structures & Algorithms, OOP with Java, Web Technologies, DBMS

## TECHNICAL SKILLS

---

- **Languages:** HTML5, CSS3, JavaScript (ES6+), Java (Advanced)
- **Libraries/Frameworks:** React.js, Tailwind CSS
- **Concepts:** REST integration, SPA routing, form validation, modular CSS, semantic markup, accessibility
- **Tooling:** Git & GitHub, npm, browser DevTools, VS Code

## PROJECTS

---

### E-Commerce Web Application — Interactive React Front End

React.js, Tailwind

- Developed a fully functional e-commerce interface featuring product listings, category filters, dynamic search, and client-side routing for smooth navigation.
- Implemented cart and checkout workflows with controlled forms, input validation, and local storage persistence for seamless user experience.
- Applied responsive design principles and utility-first Tailwind styling to ensure accessibility and consistent performance across devices.
- Enhanced SEO and performance through clean URL structures, metadata management, code-splitting, and caching strategies.
- Delivered a modular, maintainable codebase with reusable UI components (cards, modals, forms), enabling rapid feature expansion.

- Single-page application demonstrating modern React patterns: functional components, hooks, Context state, controlled forms, and client-side routing.
- Includes reusable UI primitives (cards, lists, dialogs), form validation, pagination/filtering, and clear empty/loading/error states.
- Emphasis on maintainability (folder structure, component props/contracts) and performance (memoization where beneficial).

## CORE COMPETENCIES

---

- Front-End Development · Single-Page Applications (SPA) · Component Architecture
- Responsive Design · Cross-Browser Compatibility · Accessibility (WCAG) · Performance Optimization
- State & Data Flow (React Hooks, Context API) · API Integration · Debugging & Testing Basics
- Agile Collaboration · Clear Communication · Documentation & Code Reviews

## ACHIEVEMENTS & EXTRAS

---

- Consistently recognized for clean code, helpful documentation, and on-time delivery in sprint reviews.
- Active learner: tracks web standards and modern React/Tailwind practices; builds side projects to explore patterns and performance.

## DECLARATION

---

- I hereby declare that the information provided in this resume is true and correct to the best of my knowledge and belief.
